SIKORSKY
HH-60W HELICOPTER

PROVEN DESIGN

Based on the proven technologically advanced UH-60M helicopter with millions of flight hours
- Affordable, maintainable and supported by a global supply chain

IMPROVED SURVIVABILITY

Protecting the aircraft against the most dense threat environments
Advanced integrated defensive suite including:
- APR-52 Digital Radar Warning Receiver
- AVR-2B Laser Warning System
- AAR-57 Missile and Hostile Fire Warning System
- Six Integrated Chaff and Flare Dispensers
- Improved Cabin and Cockpit Floor and Wall Armor

FLEXIBLE WEAPON SYSTEMS

- Externally mounted weapons for improved cabin space, maximum field of view and field of fire
- Supports 7.62mm and .50 cal fixed-forward and crew-served weapons

INTEGRATED MISSION SYSTEM

State-of-the-art missions systems:
- Link-16, SADL, Integrated Broadcast Receiver, Blue Forces Tracker
- Integrated cockpit (4) and Cabin (3) displays
- Reduces aircrew workload and improves effectiveness during highly demanding special missions

EXCEPTIONAL PERFORMANCE

-22,500 lb max gross weight for greater payload
-660 gallon main fuel tank & air refueling/fuel dump system
-Shipboard compatibility
-Improved structural design for increased gross weight

NAVIGATION/COMMUNICATION
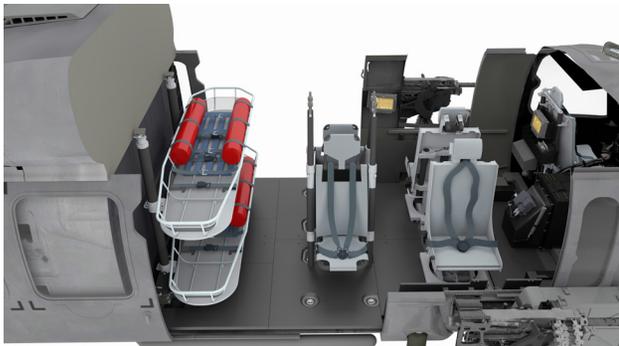

-Five ARC-210 Radios (2 x SATCOM) + PLS & J-Voice
-APCO-P-25 1st responder comm enabled
-RNP/RNAV Civil Navigation Certification
-ADS-B In and Out
-Moving Map display with tactical awareness overlays

MEETS ALL U.S. AIR FORCE REQUIREMENTS

- 195 nautical mile combat radius
- Hot and high hover of 4000' PA and 95°F
- Best-in-class survivability and lethality
- Unprecedented net-centric capability

VERSATILE CABIN OPTIMIZED FOR COMBAT SEARCH AND RESCUE MISSION

Litter stations compliant to combat search and rescue mission

Adaptable cabin for alternate configurations

Configurable for additional pararescue/troop transport and stowable PJ seating into cabin ceiling to maximize cabin space
